

Past Material

Greyhaven

All I want right now is death

Back against the wall
I feel like elevating
Past material
In lives disintegrating
Trapped inside a maze
No lines were drawn
All I want right now is death

Peel my life back

Say how you want it, you want it to feel
Say how you want it, you want it to feel

Feels so perfect

Say how you want it, you want it to feel
Say how you want it, you want it to feel

We've gone too far beyond this place
I fear that we're never gonna make it back
The time I've lost without your face
I fear that we're never gonna get it back

Lost inside the cross
The rooms are separating
Time outside the walls
Pressure debilitating
I can't seem to find my place
All I want right now is death

Peel my life back

We are in contact with something I don't understand
Feels like a car crash waiting for a place to land

Feels so perfect

Say how you want it, you want it to feel
Say how you want it, you want it to feel

We've gone too far beyond this place
I fear that we're never gonna make it back
The time I've lost without your face
I fear that we're never gonna get it back

Deformed scenes of my life are barreling past in my head
Life on end
A moment of feeling alive I realized I wasted all I had

We've gone too beyond this place
I fear that we're never gonna make it back
I'm lost without your face
I fear that we're never gonna make it back

We've gone too beyond this place

I fear that we're never gonna make it back
The time I've lost without your face
I fear that we're never gonna get it back

Never gonna get it

Back against the wall
I feel like elevating
Past material
In lives disintegrating
Trapped inside a maze
No lines are drawn
All I want right now is death
