

# I'll Be Better

Grieves

I'll be better off this time  
Soon as I get you off my mind  
Girl, I'll be better  
I'll be better  
Wastin' all my time  
Soon as I get you off my mind (get you off my mind)  
Girl I'll feel better  
I'll feel better

No, I don't think that you're the best human being in the world for me  
I mean I love you, but you really ain't the girl for me (girl for me)  
It's like we never found a way to make our tune match key  
And you just kept on driving (driving)... Fuck  
Yo, I was tryin' to slow down, you we're tryin' to peel out  
I was tryin' to be found and put that medicine down  
We tried to chase another rainstorm but hated the clouds  
You put your jaws around it's neck and bit down (down, down)  
We don't really talk about anything worth a damn now  
Slowly drifting farther apart with both hands out  
I remember when I used to be your man  
And now you treat me like a roommate that you can barely stand now (stand now)  
I guess it's only natural to grow apart  
I hope you find what you're lookin' for, and you make a spark  
The heart wants what the heart wants, man  
I fucking hate that saying

I'll be better off this time  
Soon as I get you off my mind  
Girl, I'll be better  
I'll be better  
Wastin' all my time  
Soon as I get you off my mind (get you off my mind)  
Girl I'll feel better  
I'll feel better

Yo  
Back and forth like a ping-pong match  
Girl that's over now and I don't need to think on that (think on that)  
We don't need to go and act like your things aren't packed  
And you ain't talking to that new dude now... Fuck  
Yo, I was tryin' to build up, you were tryin' to step back  
I was breathing in, you're smokin', writin' songs in the ash  
Yo didn't seem to give a damn about the balancing act  
So when it tumble to the ground, you just laugh (laugh, laugh)  
We don't really talk about anything of importance  
Lettin' out the bowl in the room full of porcelain  
Now I rembemer before this had ran it's course then  
How you used to look at me and tell me I was yours then (yours then)  
We couldn't make it work and it's ok  
I'ma take the time that I need to just make it go away (go away)  
It's not my first rodeo girl  
It's been really nice knowing you girl  
Peace

I'll be better off this time  
Soon as I get you off my mind

Girl, I'll be better
