

Head On Fire

Griff

Ooh, ooh-ooh-ooh
Ooh-ooh-ooh
Sitting here with my head on fire

Oh, I think I've lost my senses
Am I walking straight into a burning light?
A burning light, yeah
'Cause I tossed and turned the covers
Tried to make a shape of you but didn't quite
Work how I'd like

I'm trying to find you in a crowd again
You were there, then you were gone
And now I'm tracing all my steps to you and oh my god, oh

I think I'm losing my
Mind over here, over you, every night
Both hands holding onto the wire
Impossible
Fight, over here, without you, every night
Sitting here with my head on fire

All the faces getting blurry
And the only thing I see is the fact that
You aren't here with me
Not here with me
In and out of conversations
Gotta focus but it's not that easy, no
Come and release me

Ooh, can I fall asleep and feel you for a minute?
Can I take my broken heart and let you heal it?
'Cause it's cold without your soul so let me steal it
I really mean it

I think I'm losing my
Mind over here, over you, every night
Both hands holding onto the wire
Impossible
Fight, over here, without you, every night
Sitting here with my head on fire
(With my head on fire)

Ooh, ooh-ooh-ooh
(With my head on fire)
Ooh-ooh-ooh
Sitting here with my head on fire
Ooh, ooh-ooh-ooh
(You ain't gonna set me free)
Ooh-ooh-ooh
Sitting here with my head on fire

I've been sitting here with my head on fire
Trying not to burn but it feels so right
I've been sitting here, hands on the wire
Trying not fall, but I think I might
I've been sitting here with my head on fire

Trying not to burn but it feels so right
I've been sitting here trying not to lose my mind

I think I'm losing my
Mind over here, over you, every night
Both hands holding onto the wire
Impossible
Fight, over here, without you, every night
Sitting here with my head on fire

(Ooh, ooh-ooh-ooh)
Ooh, can I fall asleep and feel you for a minute?
(Ooh-ooh-ooh)
Sitting here with my head on fire
(Ooh, ooh-ooh-ooh)
'Cause it's cold without your soul so let me steal it
(Ooh-ooh-ooh)
Sitting here with my head on fire

Ooh, ooh-ooh-ooh
Ooh-ooh-ooh
Sitting here with my head on fire
