

Mirror Talk

Griff

Time out, a minute to myself
No, make it five 'cause I feel like my mind is all over the place
Too much, it's happening too much
Where I lose my shit and I lock myself in
Damn, I need some space

Break up with myself and then
Make up with myself all over again
I think I need a new "Amen"
'Cause right now I just keep praying

Come on, girl
Oh, get it together
You can't stay here forever
Enough of this mirror talk
You can cry me a river raw
We can go back and forth
Get too overemotional or
Stop with this mirror talk

Maybe I'm going crazy
Oh, so narcissistic and twisted
'Cause I only talk to myself
You've changed, yeah, you know that you've changed
I don't recognize when I look into your eyes
They're red as hell

Break up with myself and then
Make up with myself all over again
I think I need a new "Amen"
'Cause right now I just keep praying

Come on, girl (Come on, girl)
Oh, get it together
You can't stay here forever
Enough of this mirror talk
You can cry me a river raw
We can go back and forth
Get too overemotional or
Stop with this mirror talk

And that's how I know I've been here too long
When the mirror steams up, I can't see anymore
When I need a second to sow myself out
I swear I looked better when I left the house
And I hear the water drip from the tap
Hear my phone ringing but I'll call them back
And I can't even count in my head
How many times I say to you again and again

Come on, girl (Come on, girl)
Oh, get it together
You can't stay here forever
Enough of this mirror talk
You can cry me a river raw
We can go back and forth
Get too overemotional or

Stop with this mirror talk
