

# Say It Again

Griff

You don't say how you feel when you're sober, baby  
But when we're out and it's getting late  
You tell me 'bout the troubles that haunt you lately  
And the only thing that I can ever say

Is come closer, come closer  
Oh, let me hold you now  
I know that I'm no saviour, no  
Yeah, I know that even if I was the wisest of them all  
It don't matter, not at all  
If you don't believe it so

How ever many times that you need to, baby  
Just tell yourself it's gon' be okay  
How ever many times that you need to hear it  
Every single hour of the day

Oh yeah, we'll say it again and again and again  
You know each time  
That we say it again and again and again  
It's gon' be fine  
Say it until the devil's gone  
Pray it until the devil runs  
Oh, get it out of your head, of your head, of your head  
And if you can't then just say it again, yeah

However hard it is to resist, baby  
Yeah, you gotta know this thing, it won't last  
And I'll remind you that the troubles that haunt you lately  
Soon they'll just be memories in the past

So come closer, come closer  
Oh, let me hold you now  
I know that I'm no saviour, no  
Yeah, I know that even if I was the wisest of them all  
It don't matter, not at all  
If you don't believe it so

How ever many times that you need to, baby  
Just tell yourself it's gon' be okay  
How ever many times that you need to hear it  
Every single hour of the day

Oh yeah, we'll say it again and again and again  
You know each time  
That we say it again and again and again  
It's gon' be fine  
Say it until the devil's gone  
Pray it until the devil runs  
Oh, get it out of your head, of your head, of your head  
And if you can't just say it again, yeah  
I need you there, yeah

'Cause I know that even if I was the wisest of them all  
It don't matter, not at all  
If you don't believe it so

How ever many times that you need to, baby  
Just tell yourself it's gon' be okay  
How ever many times that you need to hear it  
Every single hour of the day

Oh yeah, we'll say it again and again and again  
You know each time  
That we say it again and again and again  
It's gon' be fine  
Say it until the devil's gone  
Pray it until the devil runs  
Oh, get it out of your head, of your head, of your head  
And if you can't then just say it again, yeah
