

Bottles On The Table

Griffen Palmer

Yeah we've been here seated
Long past the happy hour
And we're feelin' some feelings
We don't wanna say out loud
So we can keep on sippin' on something strong
Pretendin' it's all we want, and know what we need
'Til then I'll keep wonderin'

With two more bottles on the table
Until they turn out all the lights
Tradin' smiles and peel the labels
Your fingertips are tracin' mine
Ohh
Yeah there's something behind
That look in your eyes
It's only a matter of time
So tell me baby
Is there more than bottles on the table tonight?

No it ain't a secret
So baby why don't we confess?
That we both know what you're wearin'
Is more than just a dive bar dress
So we can keep on singin' the country songs
Pretendin' it's all the fun this night's gonna see
'Til then I'll keep wonderin'

With two more bottles on the table
Until they turn out all the lights
Tradin' smiles and peel the labels
Your fingertips are tracin' mine
Ohh
Yeah there's something behind
That look in your eyes
It's only a matter of time
So tell me baby
Is there more than bottles on the table tonight?

Maybe I'm buzzed or maybe there's more to us

Than two more bottles on the table
Until they turn out all the lights
Tradin' smiles and peel the labels
Your fingertips are tracin' mine
Ohh
Yeah there's something behind
That look in your eyes
It's only a matter of time
So tell me baby
Is there more than bottles on the table tonight?
Oh yeah tell me baby
Is there more than bottles on the table tonight?
