

Why Won't You Believe?

Griffin House

I come home on break
To tell you the news
You shot me down
I come home on break
To tell you the news
You shot me down
It was no use

Did I make a mistake?
To tell you the news?
How I'd been redeemed
But I still got the blues

Why won't you believe?
Just try this once for me
All you gotta do is just receive
And you will be free

You started crying
I wanted to help
But when you start your lying
You're just killing yourself

And I can't be your kid
When you made a man
And I can't be your crutch
If you won't try to stand

Why won't you believe?
Just try this once for me
All you gotta do is just receive
And you will be free

I used to look up to you
Through your advice I have trialed
I feel more like a man
You seem more like a child

Why won't you believe?
Just try this once for me
All you gotta do is just receive and you will be free
