Hey little Moo Moo  
Light as a rainbow  
Happy as an asteroid  
Crashed in the bathtub  
Yeah sittin in the bathtub  
Her full of her fingers  
Her full of her fingers  
Yeah sittin in the bathtub  
Says, I'm scared and lonely  
Says, I'm scared and lonely  
Never see no one

Says, I'm scared and lonely  
Here come the Wolfman  
Here come no one  
Sayin hey little Moo Moo  
Sittin in the bathtub

My heathen child!  
She's a heathen child!  
Yeah she's a heathen child!  
She's a real real wild child!

She got a little powder  
She got a little gun  
She got a little poison got a little gun  
Sitting in the bathtub  
Sucking her thumb  
Says, I don't care about Buddha  
Care about Krishna  
Don't care about Allah  
I don't care about any of them  
Sitting in the bathtub  
Sucking her thumb

Cause she's a heathen child!  
She's a heathen child!  
Yeah she's a heathen child!  
She's a real real wild child!

Poor little Moo Moo  
Papped and Monroed  
Got a little powder  
Got a little gun  
Sittin in the bathtub  
Having some fun  
She was raised by beasts  
And photographed by vultures  
Here come the Wolfman  
The Abominable Snowman  
Got a little poison  
Got a little gun  
Sittin in the bathtub  
Waitin for the Wolfman to come!

You think your great big husband will protect you  
You are wrong!

You think your little wife will protect you  
You are wrong!  
You think your children will protect you  
You are wrong!  
You think your government will protect you  
You are wrong!

She don't care about Allah  
She is the Allah!  
She don't care about Buddha  
She is the Buddha!

Cause she's a heathen child!  
She's a heathen child!  
Yeah she's a heathen child!  
She's a heathen child!

Someone left the bathtub running!  
Someone left the bathtub running!
