

Choke

Grinspoon

Just because you choked on it ,
It doesn't mean that you have to go .
I can't receive sms and I just wanted you to know.
I smoked alot of cigaretttes, but did that stop us from being f
riends?
Could've guessed your lies on it but did we get there? I hope w
e got there in the end.

Yesterday we cruised on automatic , tall grass is ready to roll
Where were you when it got all dramatic? Hiding away in your ho
le.

Pretty please don't cry on me ,because I don't think I got the
strength.
If I could've cried outside in the rain. But did we get there?
I know we got there in the end.

Yesterday we cruised on automatic , tall grass is ready to roll
Where were you when it got all dramatic? Hiding away in your ho
le.

Maybe on another Sunday, pick another time and we fight looking
over your shoulder
Maybe on another Sunday, pick another fight and no one is right
now your feelings are gone.

Just because you're soaked in it, does that mean that you have
to go?
I smoke all of your cigarettes, but it meant nothing , it meant
nothing in the end.

Yesterday we cruised on automatic , tall grass is ready to roll
Where were you when it got all dramatic? Hiding away in your ho
le.
