

# Emergency

Grinspoon

All things considered  
You've done me wrong  
But that's not all

Down in the cold room  
You've made your call  
You've made your call

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

Outside the circle  
No one could win  
No one's too tall

One wrong decision  
Was all it took  
For them to fall

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

Call me  
Call me  
Call me  
Call me, emergency

Call me  
Call me  
Call me  
Call me, emergency

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

(I've lost the place to go within)

I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency

(I've lost the place to go within)  
I've lost the place to go within  
I'm sufferin' in my own skin  
Call me, emergency  
Call me, emergency
