

I Heard The Fire Sing

Grinspoon

yeh (2x)
took a trip
while in a dream
to a magic forest
where the air was clean
coloured suns
such strange things
then i heard the fire sing
dancing flames were all around
sky reached out and touched the ground
birds that flew without their wings
then i heard the fire sing
i heard that fire sing
sing fire sing
(guitar solo)
coloured suns
began to glow
where was that baby
where could i go
i awoke and suffered strange things
then i heard the fire sing
i heard that fire sing
ohh sing fire sing, yeah!
