

Your suffocating me
Political ex bullshit
I can't stay in the room
With electricity on

Next big thing I do your thing
If it gets me what I want
Next big thing your song i'll sing
Next big thing

Yeah, thank god for sanctuary
Permission put me in a cage
Drop more money in
I'm dancing like a puppet

Next big thing I do your thing
If it gets me what I want
Next big thing your song i'll sing
Next big thing

Salmonella why?

Your suffocating me
Political ex bullshit
I can't stay in the room
With electricity on

Next big thing I do your thing
If it gets me what I want
Next big thing your song i'll sing
Next big thing
