

## Outside Looking In

Grinspoon

I remember when you said  
All my friends, they just pretend  
They're all lies, they're faking  
Now the colds turned into warm  
From the fire that burned your home  
I'm alive and taking

The pressure  
What was said was true

I'm on the outside looking in  
And I don't know where to begin  
I've had about as much as I can take  
Don't give me a chance  
Any chance to break

Now the flies begin to swarm  
Beat a park down to your door  
There's a coffin waiting  
My intentions were always clear  
Tried to love you without a care  
Now the earth is shaking

With pleasure  
At your service, so

I'm on the outside looking in  
And I don't know where to begin  
I've had about as much as I can take  
Don't give me a chance  
Any chance to break

With pleasure  
At your service, so  
Forever  
What was said was true

I'm on the outside looking in (outside looking in)  
And I don't know where to begin  
I've had about as much as I can take  
Don't give me a chance  
Any chance to break

I'm on the outside looking in (outside looking in)  
And I don't know where to begin  
I've had about as much as I can take  
Don't give me a chance  
Any chance to break
