

## Ready 1

Grinspoon

Walking in a rain storm  
Supper in the ocean  
Wishing I was water  
Wishing they could sort it out

See the garden lover  
Fighting on the freeway  
Quickly Undercover  
So anyone who never lost

Are you ready for a change to come  
There's already one already one  
ALREADY ONE!

Thinking like the rink think  
A stagger for the fist fight  
Start off with the jump team  
Paranoia made it right! Hey!

Are you ready for a change to come  
There's already one already one  
ALREADY ONE!

I'll see the sibblings  
Except for the last scene  
Come Back  
Kid come back!

Are you ready for a change to come  
There's already one, already one  
There's already one,  
ALREADY ONE!
