

## (Built To) Resist

Grip Inc.

Branded, forced into exile  
Cinical routine, family union dissolved  
Accused, abandonment, dead beat  
Admonished, siblings, severed values detached

Hear my children calling  
Loud out to me  
I won't subscribe to a campaign  
Bent on tragedy

Build to resist, build to resist  
My children I'll come for you

Bonded, subculture formed  
Anguish, yearning fills painful spiritless void  
Blood flows vested strong and free  
Starved from rightful tender physical resolve

Hear my children crying  
Loud out to me  
I won't subscribe to a campaign  
Bent on tragedy

My children I come for you
