The Brightness is seeming endless
It's slim pickings as the plot thickens
Sometimes it's scary feeling chicken skinless
Will let it up, it's coming down relentless
Instant thought of .. burnin' certain closing curtains on every word or sentence.
Travel by night, might think it "Finite" it should be "Infinite"
Life's a blur, mix it up and sitting in it, invisible; the windows tinted, the outside reaps if you leave music for weeks and get it complimented.
We hopped on high percentage, stakes elevate when liars play. Never treat it like a scrimmage is a phony image (echo)

What's given to the meek and timid could be prosperous in the beginning, the
re's a pending limit.

You're poor acting like it's more, you pretend to mimic. Amazing and no wonder
how you squander. Many remnant represented "Chitter-
Chatter" talk on iPhones, stolen device ..

And it Matters that this pattern has been pain mistakenly life long

ROCK THE HOUSE, ROCK ROCK, THE HOUSE (we gon')
