Just just in case you don't know who we be
Just just in case you don't know who we be

Y'all wanna hear it? Naw y'all don't wanna hear it
You don't want coffdeezy, jump up, get up easy
Purple giant, death defiant, but I creep up on you quite
Me animator, slowly we raisin' the dead
Complicator of clause plans, schemes, scandalous, curious things
How can you hand various things?
Bicarious beings?
What?

Rollin' 'round these hills on count of countless of feels
Of raw deals I'm after the cheapest of thrills
Killin' off a slew of folk watchin' 'em all fall
But really man it's you a choke
Guelish like orathal do my best to hit yo' region
Rollin' deep like we was legion for a season
We will let be leavin'

Get it and never escape, give it up slow brah
Checkin' for yo' soul brah

Steppin' on the wrong toes
Now we 'bout to get it right
Stitch it up, switch it up
Peddy dee click it up
Nashville show me love
Jacksonville it's ya' boy
Sandalwood put it up

Clearin' out the smoke screen
Step into the unseen
Sober from that sticky green
Wrap it up like I still beem
