

Carmen Sandiego

Grizfolk

I must have missed you in Monaco
Maybe I'll see you in Mexico
I've tried so hard but I can't let go
These colors of calico

I'm out of my mind
She's just out of reach
So hard to find
Carmen you're killin' me

My friends are tellin' me all the lines
Last I heard it was Telluride
Tell them to tell you I'm done this time
Oh I'm done this time

I'm out of my mind
She's just out of reach
So hard to find
Carmen you're killin' me

You're playin' my heart
I'm foldin' my cards
It's criminal baby
(It's criminal baby)
Throw me a line
A map or a sign
A pivotal maybe
(A pivotal maybe)

I'm out of my mind
She's just out of reach
So hard to find
Carmen you're killin' me
