

Howlin

Grizfolk

I hear echos in my heart
I've been wandering through the dark
Can you hear me, can you hear me
Hear these echos in the dark

It's a lonely night without you
So shine, shine, shine on through
I hear howling at the moon
Can you hear me howling too

I'll be waiting for the tide
Someday baby it'll rise
Can you hear me, can you hear me
I've been howling for my life

It's a lonely night without you
So shine, shine, shine on through
I hear howling at the moon
Can you hear me howling too
