

Mercy

Grizfolk

These colors fading slo-oh-oh-oh-whoa-ly
Monsters on my TV

We know damn right where we went wrong
We know enough to carry on
It's about time that we come clean
I'm not sure I still believe

We need a funeral for a bad dream
Have a little mercy, have mercy on us
Dim the lights for the fallen, please
Show me when I can't see, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)
Have a little mercy, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)
Have a little mercy, have mercy on us

Word on the news is blurry
My world in a noose, untie me
Hard lines of truth are blinding
Like momentary flashes of lightning

We know damn right where we went wrong
We know enough to carry on
It's about time that we come clean
I'm not sure I still believe

We need a funeral for a bad dream
Have a little mercy, have mercy on us
Dim the lights for the fallen, please
Show me when I can't see, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)
Have a little mercy, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)
Have a little mercy, have mercy on us

We're carrying the light
We're carrying the light
We're carrying the light, in the darkest times
We're carrying the light, in the darkest times

We need a funeral for a bad dream
Have a little mercy, have mercy on us
Dim the lights for the fallen, please
Show me when I can't see, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)
Have a little mercy, have mercy on us (ooh-ooh-ooh, ooh-ooh-ooh)

Have a little mercy, have mercy on us
