

Meteorite

Grizfolk

Like the cherry chapstick you left on my cheek
Moments that I wish that I could keep
I'll sing your song until my heart is weak
Where you are is where I'll always be
Don't you ever leave
Don't you ever leave

If there was a meteorite a million miles away
And they told us we'd die tomorrow if not today
We'd be dancing under burning stars tonight
Yeah, in your arms is where I wanna die

I don't know where I will end up next
When I arrive, hope you're still on my breath
Got a polaroid of you inside my head
Your summertime dress strawberry red
How could I forget
How could I forget

If there was a meteorite a million miles away
And they told us we'd die tomorrow if not today
We'd be dancing under burning stars tonight
Yeah, in your arms is where I wanna die

If there was a meteorite a million miles away
And they told us we'd die tomorrow if not today
We'd be dancing under burning stars tonight
Yeah, in your arms is where I wanna die
Yeah, in your arms is where I wanna die
