

# Paper Cranes

Grizfolk

Paper cranes  
I'll fold all day  
1000 dreams  
Fly away  
You feel lost  
I feel torn  
For a change  
Take the reins  
Paper cranes

Must admit  
I don't know  
How to wish  
And let it go  
It's not enough  
Just a show  
Take the reins  
Paper cranes

Talking about being honest  
But it's coming out way to fast  
You could say whatever you wanted  
But you're turning paper into ash

Can't turn the other way  
Turn the other way  
Tear another page  
Use it for a change  
Can't turn the other way  
Turn the other way  
Tear another page  
Use it for a change

Out of sight  
Out of mind  
Birds of peace  
Power lines  
Hospital  
A baby lies  
First breath  
A battle cry

Talking about being honest  
But it's coming out way to fast  
You could say whatever you wanted  
But you're turning paper into ash

Can't turn the other way  
Turn the other way  
Tear another page  
Use it for a change  
Can't turn the other way  
Turn the other way  
Tear another page  
Use it for a change

Talking about being honest

But it's coming out way to fast  
You could say whatever you wanted  
But you're turning paper into ash  
Paper cranes

I'll fold all day  
1000 dreams  
Fly away  
You feel lost  
I feel torn  
For a change  
Take the reins
