

Little By Little

Groove Armada

Give it out
Give it out
Give it out
Give it out
Give it away, give it away
Give it out
Give it out
Give it away
Today today today today today today today today, yeah yeah
h yeah

Perhaps we're on own way
Perhaps we've gone too far
Perhaps we should slow down
Be where we really are, really are, yeah

Today, today
If you believe that there is no other way
Trying living, today today
Little by little in your own way

Today
Little by little
Trying living today, today, little by little
We're in today today
If you believe that there is no other way
Trying living today, today, little by little
You're on your own way

Perhaps we're on own way
Perhaps we've gone too far
Perhaps we should slow down
Be where we really are
Where we really are, ohh
Where we really are
Today, today, trying living today, today
Today
Little by little
Trying living today today, little by little
Be where we really are
Little by little
Today, today
...Be where we really are...
