I got brustimplants,
Payed by my boyfriends
I got a botoxinjection under my skin
I only play with sex, but i don't let them in!

I got fake nails, don't answer e-mails.
I am a sillicon valley walking on two legs,
What's the price of the world? i can write a check!

Cause i'm a 21st century digital girl,
I don't know how to love, but i live in this world.
My daddy is a workerholic millionaire, my mom is on drugs,
But i don't really care!

Yeah yeah yeah yeah yeah!

Cause i'm a 21st century digital girl,
I don't know how to love, but i live in this world.
My daddy is a workerholic millionaire, my mom is on drugs,
But i don't really care!

I got a pussycat,
Right in my gucci bag,
I've got a firstclass-ticket, everythings permitted,
Cause i can have it all!

Cause i'm a 21st century digital girl,
I don't know how to love, but i live in this world.
My daddy is a workerholic millionaire, my mom is on drugs,
But i don't really care!

Cause i'm a 21st century digital girl,
I don't know how to love, but i live in this world.
My daddy is a workerholic millionaire, my mom is on drugs,
But i don't really care!

Cause i'm a 21st century digital girl,
