

# Dancing

## Groove Coverage

I really love dancing, dancing with you  
The place doesn't matter, it's just dancing with you  
It's hot like the sun and wet like the rain  
I love when we're dancing again and again  
I really love dancing, dancing with you  
I love when we do it alone in your room  
My heart's beating faster, going insane  
And we both know we will do it again

Yeah I really love dancing, dancing with you  
I love when we do it alone in your room  
My heart's beating faster, going insane  
And we both know we will do it again  
Yeah I really love dancing, dancing with you  
I love when we do it alone in your room  
My heart's beating faster, going insane  
And we both know we will do it again  
Yeah I really love dancing

I really love dancing, dancing with you
