

Summer Rain

Groove Coverage

Oh, my love, it's you that I dream of,
oh, my love, since that day,
somewhere in my heart i'm always
dancing with you in the summer rain.

Every night and every day now,
though I know you've gone away,
somewhere in my heart I'm always
dancing with you in the summer rain.

Oh, my love, it's you that I dream of,
oh, my love, since that day,
somewhere in my heart i'm always
dancing with you in the summer rain.

Every night and every day now,
though I know you've gone away,
somewhere in my heart I'm always
dancing with you in the summer rain.
