

The Truth

Groove Coverage

I wanna know where you belong
I wanna know why I sing this song
I try to show how much I feel
Is that a dream or is it real?
I never look where you belong
Until I gotta sing my song
Is it a lie or is it true?
So many tears I've cried for you

Whoa, a million tears for you
Whoa, a million tears for you
Whoa, a million tears for you
Whoa, a million tears for you

A million tears that I have got
I wish you were right by my side
I tried to show how much I care
Believe in me, I will be there
I never knew where you belong
Whenever you just sing my song
Is it a lie or is it true?
So many tears I've cried for you

Whoa, a million tears for you
Whoa, a million tears for you
Whoa, a million tears for you
Whoa, a million tears for you
