

# A Miracle

## Groundation

Uuuh-uuuuh-uuuh-uuuuuh yes  
Laaaa-daaaa-daaaa-daaaaaa

It was a miracle at last  
There would be born daughters and sons  
It was a great testimony  
All from this Holy Empress

Now man's back on his feet again my friend  
Back out to wailing 'n' psalm again  
Man is back on his feet again my friend  
Back on the thrown once again

Wasn't it proven already?  
Must it be proven once again?  
That the greatest of the answers  
Moves onward with the beat

Allowing me to  
Surround you with love  
And challenge man's role  
To be a unifying force  
That will rally all of man's soul  
No sign of wonder  
Could ever compare with  
The depth of ones vows  
Don't you cry my daring  
For there will come a light from the Empress

Giving my own testimony  
Of a real true life  
Overcoming the depths of poverty  
Just one of life's miracles Jah sent for you  
You, you, you...

I've seen all the truth  
Bring forth all the youth  
Thinking back I have survived a lot  
Remembering all the miracles Jah send for you  
You, you, you...
