Absolutely Clear

Groundation

Sitting at the seat of the scornful
They plot to divide us and share the meal
Though you never plant the corn you will take it, ya say!
"That's how it goes round here"
And we will never feel sadness or gladness too

For now, just for now
For now, yes
That's how it goes for now
In this here time

To the rich go the spoils so they must come to decide
Don't watch what they say but what they do
Some of them have already made their choices
And the cost is you...so you got to push on through!

It's absolutely clear, it's absolutely clear wah gwaan
It's true, yea
It's absolutely clear, it's absolutely clear wah gwaan!
And no one stood up
When they should've

Some a dem try to discredit me
While some of them fight by my side
Who knows how long this journey a go be
But we must achieve equal rights
While they offer only prisons for I

And so we scrabble and shuffle
For the last crumbs off ya table
Has it been forgotten that it's human rights?
In a system that gives just enough to survive

So, millions join the rebellion
Finding their strength inna di Gideon
They were met with tear gas and baton
Fear and oppression in a world ruled by demons and pagans

It's absolutely clear, it's absolutely clear wah gwaan
It's true, yea
It's absolutely clear, it's absolutely clear wah gwaan
And all we stood up
When it matter

Oh, Jah I pray
Uplift the homeless out of poverty
Equality eventually!
While false rulers surrounds we
With words of emptiness

For now, just for now
For now, yeah, that's how it go so now
We are the human sacrifice!

Jah say stand up, don't give up
And bide up for the time to strike it show up
And like fruits on a tree we shake them down, yeah

Gwaan open the door, the door, the door, the door
This life belongs to all of us!

It's absolutely clear, it's absolutely clear wah gwaan
It's true, yea
It's absolutely clear, it's absolutely clear wah gwaan
So, while you cool off
We assemble
