

All I've Seen Today

Groundation

I want to roll, want to hide, want to drift away
Beyond these bombs, beyond these walls
Beyond these hypocrites
Oh, but I will never right them, right them all
I could never fear them, fear them all
Over there shall come a new light
Shinning in this here dark life
For the Most high dwells with I tonight

Down in the valley of Johannesburg cry
Echoes of the tears shed for life
While they refuse to hear they prey on them
Just as war fell upon our land, I do not understand
For who Jah choose is why I, I, I and I and I

Shall bring forth these axes freeing us out of bondage
And we could finally rest our weary souls
In which we fight those holy wars
La da da da da da da da da

See dem as they come to dis a paradise
We all shall know them who have come to caste us out of sight
Oh I man see them as they come to take our paradise
I know dem who have come to hide their
Hearts behind these lies, oh la, da, da, da

And this is all I've seen today
And this is all I've seen today
And this is all I've seen today
Oh yes this is all I've seen today
And this is all I've seen today
Oh this is all I've seen today
And this is all I've seen today
Yes this is all Ive seen today
All I see to day, all I see tomorrow!
