

## Gone a Cemetery

Groundation

In his quest to know himself  
Jah gave him little time  
And his ego would one day take him  
Way out a line

You taught him all that you could, and look now  
He would turn a rebel as he should

But him gone to penitentiary  
In a State of Emergency  
And placed in infirmary  
After beaten by authorities  
And now him gone a cemetery

His heart was filled with love, still man tumble down  
His mind it was big and bright, soon fire start ignite  
And for all his faithfulness, he would be gone a cemetery

Through great focus and dedication  
He made it his life's mission  
With equal rights and justice in question  
He saw one direction

Thinking it would play like Robin Hood  
Life can be cruel he now understood
