

# Greed

## Groundation

This world, no, it's not perfect  
But what you see, reflections of the soul  
Born of pride and ego

Imagine our world like this  
A world of love, a world of peace  
Just imagine it

Jah send out the human being  
With all our wants, with all our needs  
Must live within Earth's means

Pure temptation surrounds we  
Offering us riches and paradise  
As lion surrenders  
Leaving the mission of human rights, Jah!  
Oh Jah, oh Jah, oh Jah!  
Our days are numbered, yeah

I alone am dreaming  
To give is better than to receive  
Still Iya dream, a dreaming  
Things are not what they seem

So, life begins a noble one  
Before the surprises and all the confusion  
Only Jah alone in I heart and meditation  
No thought of who I am, only that I am  
So far from greed, wo-oh!  
Greed

You may never know what you could do to help someone  
Just because you take it all you say to each his own  
To each his own, to each his own  
To each his own, to each his own

Oh, I'm sure you greedy dog  
You have enough but still you want more  
And everybody takes time to mention  
You could fill your cup and pass it on for sure

Imagine our world like this  
A world of love, a world of peace  
Just imagine it

Jah send out the human being  
With all our wants, with all our needs  
Must live within Earth's means

Life was good but far from great  
So, to complete the task the question must be asked  
A witness to come and sense many dimensions  
So, Jah created man, only to spoil his plan  
Him turn to greed, wo-oh!  
Greed... tell them Jah!
