

Grounding Dub

Groundation

They beat their drum
Upon new nation

There shall come a day, when we shall all be free
And see the beauty, in your heart, in your heart
His imperial majesty, oh god

Rastaman wohhha
What's a groundation
Inna this iration

Rastaman wohhha
What's a groundation
Inna this iration

From shore to shore they shall see the light
Across the oceans, across the world, shall unite, will unite

And the Rastaman wohhha
What's a groundation
Inna this iration
Well, the Rastaman wohhha

Trod on, ride on, I say

And they shall run away, fly away
All the head up to another day
See guide I, through the valley
Guide I, guide I through the valley

And the Rastaman wohhha
What's a groundation

Rastaman wohhha
What's a groundation
Inna this iration
