

Holding On

Groundation

Holding on, holding on
I keep holding on to your love
What dreams are really made from

As I look up in the moonlight tonight
Heaven's reclaim all them souls
We must fulfill our destiny
It's this faith I am holding on
Holding on

You see your love in some way
It makes you my hero
And I am thankful to receive
Until the end, of I man life
Oh I am sure, I am holding on
Holding on

Batai, batai nesimba
Batai, batai nesimba

Moto unopfuta
Mumwoyo Mako
Ndinorangarira
Hupenyu hwangu!

Runako! Runako!
Runako! Runako!
Tariro ichiripo
Simba richiripo
Handifi, handifi
Handifi ndakakanganwa

Moto wanatanga muAfrica
Unotanga muAfrica

I keep holding on to your love
Batai, batai nesimba
What dreams are really made from
Batai, batai nesimba

See them dancing in the moonlight tonight
Shadows flashing in the candle light
Reconnected in the burning flame
My heartbeat repeats "I am holding on
Yes I'm holding on
To your love!
I am holding on, holding on
