

Merry-Go-Round

Groundation

Power's pull, lure as the devil's sunshine
Sparkled in an earthly glow
What did our old friend Columbus do for you?
Still we celebrating his birth today
Ask them why we celebrate
Don't celebrate on my request
For all pirates fall down in the end
For fear of the Lord weighs heavy upon them
They cannot maintain, no they shall not remain
And so...

Flames burn hot and red, a fierce fire for them
No, I want this, no
But if it must be it must be
I can't stop you from hating if you want to hate I, I
Rocking rebel this I am, yeah
You want to come at me?
Come at me with your gun
I, know, fire rain will fall down to the earth
Causing paralyzation, such a spell could never be undone
Oh...

So if there's one way, my way
One way, my way
You've got to learn to choose
Will you be a friend or enemy?
For sun rays light my path I go walking through the night
Let's go, so let's go
Believe you me
Merry this a merry-go-round I ain't
But I don't lose sleep
For the pressure you feel is getting stronger not weak
And you are getting older now, we are all getting older
Iya wo

Oh, I ain't telling you no story this is how it a go be
I ain't telling you no story man you wonder why we stray
Ain't telling you no story this is how it a go be
Ain't telling you no story man and now you a go beg
May the sun or the moon shine come to
Brighten up your day and night
Rock it in the day or night
