

# My Shield

Groundation

Jah is my shield from all negative forces  
A positive spirit just like the Laws of Moses  
In this world caught between wants and simple needs  
It's to the youth we go out planting seeds  
So rest assure there will be a balance in life  
All Jah works revealed in time

On that day  
Everything will be alright  
Though it all seems lost and hopeless  
Never give up the fight

Here in Jah reign  
Only music will remain  
Always with me

All mighty rivers flow onward to the sea  
This life was given to you temporarily  
Not to be wasted but cherished until we move on  
Out of great pressure love come shine like a diamond  
So trust in your heart and have faith in mankind  
What will you leave this world behind?

On that day  
Everything will be alright  
Though it all seems lost and hopeless  
Never give up the fight

Here in Jah reign  
Only music will remain  
Always with me
