

# Silver and Gold

Groundation

Jah visit I in silence, come up with a cool, cool sound  
Something real feel, coming in just like a holy space  
Jah greet I with a warm embrace

Still, some will trade for silver, others for gold  
To be wiser than a serpent and be harmless as a dove  
In life you must be hopelessly in love

When will we break this dark night?  
Ignite the fire light!  
To all good people of the Earth  
Go look inna your Bible  
And you will see  
That Ezekiel said to Israel

Oh, it was silver and gold  
It is not good for you, not clean for you  
In the end silver and gold  
Will be surrounded by bone and dust  
Leaving only silver and gold  
Without even the memory of him  
Jah-Jah know!

Some were blind and now they see  
While others are slow to realize that  
All your wealth can't buy you a ticket through heaven's gate

But as fate would have it a dreamer and seeker  
Who some way somehow, yields lightning and thunder  
Clean and wrapped in robes after the Mikvah

Slept in a hollow log 'n buss  
Just like Moses rock blood  
And burning embers fill the air  
From Solomon's temple  
Oh, you are weighted down, down, down from

Silver and gold  
It is not good for you, not clean for you  
In the end silver and gold  
Will be surrounded by bone and dust  
Leaving only silver and gold  
Without even the memory of him  
Jah-Jah know!
