

# So Blind

## Groundation

A few simple words to say to you  
A few simple words you must know  
Speaking on my rival  
Speaking on my rival

Think of what you know was good  
For all history must come back  
You are so damn sweet  
But rocking rebel talk is cheap  
You say so, buy never stay  
Like a rolling stone you're always away

We got to find a way past this  
Got to find a way somehow  
This is not a conflict, no  
There must be a way

But you are so blind, no one could ever reach you  
But you are so blind, no one could ever reach you

Got to find a way past this  
There's got to be a way somehow  
This is not the time or the hour  
We got to make a move when against the rope

I'm trying hard, I'm trying hard

You've made no offers to me, like you're set in stone  
You've made no difference on the record that you know

You just a shoop-doop-ba  
Doop-doop-do  
Shoop-doop-da  
Shoop-doop-do  
All in the red and you all have to go

You are so damn sweet  
But rocking rebel talk is cheap  
You're so damn red  
Like a rolling stone you're always away

We got to make a move from this  
There's got to be a way somehow  
This is not a conflict  
There's got to be a way

If I were not here, or if everyone could see me  
I have nothing, but inside of my heart is repeating "I'm with The"

We got to find a way past this  
We got to make a move somehow  
This is not a conflict, no  
There's got to be a way

For it is so necessary, Jah is always with me  
It is so necessary, Jah is always with my family
