Groundation

Spit fire like dragon
William Gordon
Them fire as Judas come
Marcus Garvey

Oh and they were filling up our heads
Mohandis Gandhi
Them fire as Judas come
Bantu Biko

While it's our souls on which they bargain
Fittest de man fight

Yes I know we warn them, oh yes we warn them
Oh they come with their silver tongue show yeah
Man we chant them, oh Lord we chant them
Oh they come with their silver tongue show
Man say, they're just a string in the puppet show
