## Groundation

Ites is love, and it is free yeah  
And your sow, ya hear from dem yeah  
Ites is love, and this is free  
Onto the psalm I will sing eventually

I owe, Jah today  
On atop the mountain Rasta say  
Ya better, better cool it, cool it man  
A cool it, cool it man or are you afraid?

We were once sitting in the darkness with a stone  
With no flashlight, no nightlight, nor lightning, him alone  
But be not afraid of the dragon that sleep up in the darkness of the night  
Live your life right until the day spark with daylight  
Hide amongst the hills and the valleys  
Up root your soul you might a swim yeah  
Ya haffe roll, ya haffe sweat  
Ya better chant a psalm to bed my friend Iyo! Rolla Iyo! man yo Jah yeah

Once there was a prophet who stands upon a magic carpet  
Telling psalms that tell of glory, telling them of futures and other stories  
Of lightning striking by the hills at night  
And all children see no one fuss and no one shall be fighting

Rally upon your heart  
Sweat it for years man joker's talk my friends

Roll! Oh! Jordan River haffe flow man  
Roll! Wayasay Will Jah, come on bass  
Me na say? Oh Lord yeah, we a warrior

Warrior sound yeah  
Big up, up, up, big, up, up, ya warrior sound yeah  
Big up, up, up, big up, up, up warrior sound yeah

Talk to Jah...

Oh high seas they call me  
No where to spend the night  
Oh high seas they are calling  
I see it's my time too

We love, love! We love, love  
We love, love! We love, love

Haffe, haffe, haffe go, my friend you  
Haffe, haffe, haffe, haffe go

Boom Baff! It redder, it redder  
Boom Baff! It redder, it redder  
Boom Baff! It redder, it redder  
Boom Baff! Rainfall brimstone from the sky  
Still the Babylonian man wonder why time dread  
Man, time is dread Rastafari said big up pon warrior self

You're a bad man Will, stuck in a badman town  
You're a bad man Will, stuck in a badman town
