

# Digirock

Group 1 Crew

It's so easy to make good pop records 'cause you don't have to do too much

We feeling right  
We feeling good  
We feeling right like we knew we would

We got that digirock  
Beat done beat done hit the spot  
Can't see the future but I see the top  
Don't run a lot, but I run the block  
I am not scared of the fact that we catch some flak  
For the hip hop tracks and melodic raps  
All we want is for you to catch  
The dream of a coach that is free at last  
Free at last  
See new hope, not a broken past  
I seem dope, you seem to laugh  
I speak life, you speak in gasps  
I spit fire, watch you blast  
Up into space, hey don't you crash  
I see great 'cause my face a path  
I can't stop, put on the gas  
Don't get passed

You ain't gotta be a rockstar to know how to party  
Got that good, good music that mo-moves your body, your body  
We got that digirock  
Go tell somebody, somebody  
We got that digirock  
Go tell somebody  
We got that digirock  
Digirock  
Body, body

Digital is pivotal  
Like Elvis was to rock & roll  
You know my team likes to bring the soul  
So here we go  
Watch the flow  
From the spirit of a disco child  
Revolutionary life style  
Mike J Fox couldn't bring me back  
So the future is stuck with me now  
True visionary  
And it's barely fair to compare my God to the fairy tales  
That they share, it's all air  
'Cause I build on the rock, the rock that won't err

You ain't gotta be a rockstar to know how to party  
Got that good, good music that mo-moves your body, your body  
We got that digirock  
Go tell somebody, somebody  
We got that digirock  
Go tell somebody  
We got that digirock  
Digirock  
Body, body

Digirock  
Digirock

It's so incredible  
Changing the game, yeah  
Undeniable  
We got the people like "Hey"  
Digital persona  
Let it transform ya  
Into whatever, ever you wanna be  
Yeah  
Feeling right  
Feeling good  
Feeling right  
Can you feel it?  
Feeling right  
Feeling good  
We feeling right like we knew we would

You ain't gotta be a rockstar to know how to party  
Got that good, good music that mo-moves your body, your body  
We got that digirock  
Go tell somebody, somebody  
We got that digirock  
Go tell somebody  
Digirock
