

Keys To The Kingdom

Group 1 Crew

(Spoken) Intro: Thy kingdom come, Lord
Let your will be done
On earth, as it is in Heaven

They say we're all in the pursuit of happiness
A life so fabulous
So we fight for what's ours like an activist
The struggles here we can find across the atlas
And it all started when Adam gave up his own palace

Now the Earth waits for it's rightful owner
Two-thousand years ago the second Adam told us
The kingdom is at hand, died for the sins of man
Just so he could bring us back to his original plan
Where we rule over the land, and meet every demand
And nature awaits for us kings to take a stand
But we need to understand
That we can change the circumstances
The kingdom is in us so we choose when to advance

Chorus (2x):
You got the keys inside this kingdom
Lift up your head, it's only begun
Keep holdin' on and you'll see the sun
Everybody's singin' now

Oh oh oh
Woah Oh oh oh oh oh

I heard you say that you would die for me,
Gladly gave your life for me, cry for me
Also I can call you when I'm so in need
The promises you spoken, my heart was always broken
'Cause you gave the keys to life
But in my pride I had them stolen

They say you still reedeem us,
Bring us to a place where we can see
The keys can never be stolen, they just misplaced
So we rise from the ashes,
Stand for the masses,
Proclaim that victory is ours and so we:

Never give up
Even good times get hard to understand
It's never enough
For us to sit back and hope he has a plan
We gotta stand up
And face the cold with a boldness
That is focused on the back
We got the keys so just believe there's nothing closed
And it's all because:

Chorus (2x):
You got the keys inside this kingdom
Lift up your head, it's only begun
Keep holdin' on and you'll see the Son

Everybody's singin' now

We ain't never givin' up the keys, no
We ain't ever givin' up, uh, uh
We ain't never givin' up the keys, no
We ain't never no, We ain't never no

So many promises you gave
And we just turned and walked away
But now I see the price you paid
Was enough for us to live victorious
We can't be stopped, no
We can't be stopped, no
Victorious...
Yeah, we can't be stopped, no, no
We can't be stopped, no

Chorus (4x):

You got the keys inside this kingdom
Lift up your head, it's only begun
Keep holdin' on and you'll see the Son
Everybody's singin' now

We no longer...king-dom
