

## People of a Second Chance

Group 1 Crew

Who will speak for the hopeless, ones who never had any chance  
To even dream of a better way or a better day to be better than  
the ones in the past

Can I look inside a mirror, and think, Manny, what are you doin  
Hardest question that I had to ask 'cause the answer came fast  
It was nothin, provin

I could read every scripture, tell the world God is real, Jesus  
saves

But then ignore there are more slaves now then any other time i  
n history, wait...

Is that true, I mean for real, how could that possibly be  
That's why I cry out for God, do something, help us believe

We're the people of a second chance, lift your hands, lift your  
hands

We're the people of a second chance, lift your hands, lift your  
hands

Grace is more than we deserve, nothing we could ever earn

We're the people of a second chance, lift your hands, lift your  
hands
