

Alien Observer

Grouper

Look into the night sky
Looking towards the big lights
Looking out to be free
Suddenly something passes by my window

I feel it in the darkness
I need to feel it sometimes
Following the street lamps
Warning that we're meant to leave behind

Going to take a spaceship
Fly back to the stars
Alien observer in a world that isn't mine

I feel it in the darkness
I need to feel it sometimes
Following the street lamps
Warning that we're meant to leave behind

Going to take a spaceship
Fly back to the stars
Alien observer in a world that isn't mine

Going to take a spaceship
Fly back to the stars
Alien observer in a world that isn't mine

Going to take a spaceship
Fly back to the stars
Alien observer in a world that isn't mine
