

# When We Fall

Grouper

When we fall  
We fall, fall, fall down  
Into the water  
Where it's harder to see

And the weight of the water  
Pushes onto the deep  
And remember that  
Some things do sink

When we follow  
The rush in the rain  
Drawn into oceans  
Where it's hot

With the weight of the water  
We lose into the storm  
And when we fall  
Just move to the deep
