

# Tryin'

Grouplove

Girl on the run  
I've come undone  
I just wanna be okay  
I'm driftin' through lines, missin' my signs  
I can't even stay awake

Yeah, these pearly gates are opening for me  
But I'm not tryna go, even though I get in free  
I always count on you through every twist and break  
I think I'm holding on to more than I can take

I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'

Tell me I'm young  
Tell me I'm fun  
I just wanna feel that way  
Kids are alright  
Caught up in lights  
I was there just yesterday

Just another man on fire  
Nothing over here to see, yeah  
Say my prayers at night  
Help me fall asleep, yeah  
Nothing as tried and true as taking it day by day  
We are all holding on, but we're gonna find our way

I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'

I'm tryin'  
We're tryin'  
I'm tryin'  
I'm tryin'

I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
Oh I'm still tryin'  
I'm still tryin'  
Oh I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
I'm still tryin'  
Oh I'm still tryin'  
I'm still tryin'

Oh I'm still tryin'  
I'm still tryin'

Cryin'  
I'm tryin'  
Tryin'  
I'm tryin'
