I do big things I don't know shit else
Nigga tryna make one hit I just hit 12
Dipped out for Cinderella that's a quick spell
How you doin? Stellar!
Nigga big swell, you like Helen Keller
You don't see the feta, you won't get it ever
I'm the bigger fella call up Coachella
They tryna work together, one look at the cheddar
Tell em do it better
I'm a gymnast with the verses, lyrics flip when I rehearse them
Bitch I been inside my burkin, bands come in and I secure them
Innocent, I wasn't there go check the tapes
Come back to me, turned garage to a factory
Turned my house to something dangerous

You gotta be sneezing me

My nigga you gotta be sneezing me
My nigga you gotta be sneezing me
You gotta be sneezing me
My nigga you gotta be sneezing me
My nigga you gotta be sneezing me
My nigga you gotta be sneezing me

SWIM you's a big big dog
I admit, I am not the type to get pissed off
I just sit, I just jot, till ya business gone
I just sit, I just plot, till ya drop till ya drop
I'm a stone cold mad, sad, sentimental badass
Heard he making threats I had to turn him to a hashtag
Shawty want a hug she a scrub, no Zach Braff
All about my bread tell the feds they can have half
Buddy think he thuggish bro he buggin
I won't budge that's no discussion
I'm disgusting, like a nigga out in public with no mask
You can try to switch the subject
But I'm up and that's the toughest pill to swallow
Got a squad that's gonna follow if I ask, I'm a pro now
They even my gave me my own day back in my hometown
I love my sister better not forget her pronouns
Everything was supposed to happen it was profound
Don't know how to slow I'm really putting on a show now
