Chase a bag  
Wallet watching ain't a hobby, get a job  
Chase a bag  
Frontin' how you run the game, it's a jog  
Chase a bag  
Diamonds dirty, diamonds cloudy, it's a fog  
Chase a bag  
Running off on the opp, that's a dog

I ain't scared of no rapper  
We all tryna be J, right?  
We all chasing a beat, right?  
We all tryna be better than better  
I study to letter and let up like never  
They saying they better, I better not hear it  
I'm serious  
That's the end of the story like period  
I'm curious  
How did they let it happen?  
You niggas acting  
You tryna capture with a silly caption  
You really cappin', it's really fiction  
I'm really captain, dependent shipment  
The lack of action, it's got me trippin'  
Really jogging, nearly sprinting  
I put my all in, put a dent in  
You put your all in and get extended  
I want you all to get offended  
I want you all to get attention  
I want you all but I'm uninvolved  
I gotta bigger talk to ask niggas talk  
Wanna see the walk, I'mma send them all back  
Nigga talk back, I don't talk smack  
I just smack  
I don't talk that, I just rap
