

FOREVER FREESTYLE

grouptherapy.

We do not care how you feel
I treat the studio just like it's Therapy
Step in I'm ready to heal, step out I'm ready to kill
My haters get quiet like federal deals
I'm GT FOREVER for real (Yeah)
(Mmm)

I just might love myself for the first time in a long time
Don't cross Young SWIM at the wrong time
Look both ways (Brother watch out)
If we cross okay imma leave him red and blue like the cops out
What we talking 'bout?
Oh you don't say
Tell the money Shamone. Annie are ya okay?

When you talk about all your dreams it's basically role play
'Bout to be hotter than chili peppers nigga I'm tryna kick it with Coldplay
We 'bout to fuck up the stages. The same ones that Kendrick and Cole play
I'm sick of watching The Throne
We aiming for B and for HOV place
Sometimes your brothers will fold it's wicked and cold
How much can your soul take?
Do not ask too many questions and miss all your blessings cause trust me they don't wait
If we playing tag; GT is it and we getting rich at the home base
I'm picking bread over beef, but shit if it's beef I'm bringing my own steak (Woah)

(What?) Who said smoke?
Don't play with Jada it's murder she wrote
And I'm bringing smoke like it's nothing to smoke
I wish it was smoke
Shit if it's smoke we can do it in person like casting a vote
Shit I wish it was smoke
