Protection

If I don't open up, it's for protection
I can see you leave, it's a projection
You're just one mistake for my collection
I won't even look in your direction
Case closed
Gotta keep an eye, gotta stay close
Can't get the money out, the safe closed
Can't get the money out the safe, ah, uh
Case closed
Gotta keep an eye, gotta stay close
Can't get the money out, the safe closed
Can't get the money out the safe

I keep it a buck, I don't trust you around me
I don't like the sun, only trust when it's cloudy
We got something nice, when it's us and I doubt it
You don't love me, but you love me like you found me

You owe me (Owe me)
You makin' this kiddo weak (Oh weak)
Too strong, you a bit OP (OP)
What's the point, like widow's peak? (Oh peak)
Down bad on a big old street (Old street)
But you bad, you a big old freak (Oh freak)
I been thinkin' bout this shit all week (All week)
I been thinkin' bout this shit, oh please
Believe me
I don't like getting like this (Like this)
I don't like getting like this (Like this)
I don't like checking my phone (My phone)
I don't like saying I miss (I miss)
I don't mind being alone (Alone)
Don't start getting like this
Getting obsessed, getting remiss
All on my chest, all on my lips
All on head, finger my tips
Keeping a MAC, loading up clips
Keep it like- (Click-clack)
Shootin' off rounds, shootin' like
Shootin' off rounds, shootin' like
Shootin' off rounds, shootin' like
Keeping a MAC, loading up clips
Keep it like- (Gunfire)
Shootin' off rounds, shootin' like
Shootin' off rounds, shootin' like
Shootin' like

I, fall in love
Like a bus, off a bridge
I'm intense, I'm a mess
Air it out
(Air it out)
